26	
27	THE COMMISSIONER: Yes. That's granted. Yes, Mr Stoljar?
28	
29	MR STOLJAR: Commissioner, one other housekeeping matter.
30	During the course of evidence yesterday, you asked about a
31	set of rules for HSU. Mr Irving has a tender to make in
32 33	that regard.
34	MR IRVING: Commissioner, if I could provide you with this
35	bundle of documents which I provided to counsel assisting
36	and briefly explain the contents of them.
37	and briefly explain the dentence of them.
38	Tab 1 contains the rules effective from 12 November
39	2009. I am instructed that between about 2000 and 2009,
40	the rules relating to the use of branch funds, the duties
41	of branch secretaries and branch presidents, which is set
42	out in rules 52 through to 60, remain the same.
43	
44	Tab 2 contains the rules effective from 24 May 2010
45	which are the rules which gave effect to the merger of HSU
46	East.
47	Tab 3 sets out the rules after the demerger and after

the first tranche of new financial accountability rules were introduced.

Tab 4 through to 5 deal with the current situation. We're not in a position to tender an authorised version of the rules at the moment for this reason: October 2013, an application was made to amend the rules of It was quite a substantial rule change which Those rule changes could only take effect on was advanced. the approval of the Fair Work Commission. Pursuant to section 159 of the Act, an application was made. The decision granting granted on 29 May of this year. those rule changes is in tab 4. The Commission is in the process of creating a consolidated version of the rules which we understand will be completed in the next week or When it's available to us, we shall make it available to the Commission.

THE COMMISSIONER: Thank you, Mr Irving.

MR IRVING: One question that arose yesterday related to the timetable for the elections.

THE COMMISSIONER: Yes.

MR IRVING: They are governed by the rules which are behind tab 5 which contain the approved rule changes by the Commission but in a marked up version. Rule 23, which is on page 44, governs elections.

THE COMMISSIONER: Yes, I've got that.

MR IRVING: Rule A covers branch elections which are the direct elections by members of the branch to those officers identified in subparagraph (a). Nominations commence under Rule (d)(ii) on page 45. The opening date for nominations will be 1 June; the closing date 14 June. Under Rule (xv) the ballot will be open on 7 July and shall close on 7 August.

 The Act provides that the AEC, who conducts these elections, can make directions as to the conduct of the elections which are inconsistent with the rules. The practice has been that the AEC will determine a date for the opening of nominations. We understand that they're likely to choose a date probably in three or four weeks time and then there will be, in accordance with the rules,

a period of a fortnight in which the nominations are open and then a break and then a period of a month in which the ballot is open. That's the time frame. THE COMMISSIONER: Good. Thank you very much. Should we

Mr Williamson left the union by, as I understand it, resignation, although not a happy resignation, and was paid out. The amount I do not have precisely, but he was sued by the union. He consented

to judgment for an amount greater than the amount of the 1 2 superannuation benefits which were due to him and 3 subsequently declared bankruptcy. 4 Mr Mylan, his deputy, who acted as secretary of the 5 6 union after Mr Williamson stood down has left the union, 7 and the instructions I have is that there is a judgment

Right, yes. 14 15 Q. And then on the right, NHDA? Α. Yes. 16 17 And it looks as though nothing came out in the period 18 Q. 19 July to March 2007? Α. Mmm-hmm. 20 21 Then at page 9, another profit and loss statement. 22 23 These were all prepared, I take it, by Ms Holt? Yes, I believe so. 24 Α. 25 We have the honorarium on the left-hand column and 26 Q. 27 then again NHDA? Yes. 28 Α. 29 30 And then page 11, this seems to be July through April 2010? 31 32 Α. Yes. 33 34 There's the honorarium, at the bottom of the column on 35 the left-hand side, NHDA suggesting that in 2010 a figure 36 of 45,500 went across and in the previous period, 75,000? 37 Α. Yes, in the NHDA. 38 39 Q. In the NHDA, yes. 40 Α. Yes. 41 Then come to tab 4. Have a look at page 12, in the 42 43 middle of the page, it's an email from Ms Holt to Ms Jackson, heading "BCOM Reports"? 44 45 Α. Yes. 46 47 Q. If we work through some of these documents, you report

1 2	in respect of cash at bank on page 13? A. Yes.
3 4 5 6 7 8 9	Q. You'll just have to flip the folder around. At page 14, we have the honorarium again and again information about the NHDA in the right-hand column? A. Yes. That's the same as that previous page we looked at, isn't it?
10 11	Q. Yes. A. Yes.
12 13 14 15 16 17	Q. If you come back to your statement, I was asking you about paragraph 14 and you said you haven't retained any more documents, but we've looked at some minutes and we've now looked at least at a couple of financial reports, but those are the sorts of reports that Ms Holt would prepare? A. Yes.
19 20 21 22	Q. And Ms Jackson would bring to the meetings? A. Yes.
23 24 25	Q. And they would be discussed at the meetings? A. Yes.
26 27	Q. And approved? A. Yes.
28 29 30 31	Q. That was the position throughout the period you were on the BCOM? A. Yes.
32 33 34	Q. In fact, you really describe this in paragraph 16. You say:
35 36 37 38 39 40	I would loosely describe these financial statements as profit and loss statements. The BCOM would examine the statements and get advice on what they saw.
41 42	A. Yes.
43 44 45 46 47	Q. I won't take you through your next page in detail, but at 23 you refer to Ms Jackson. She was the branch secretary at that time? A. She was the branch secretary. She was the only official on branch committee, we only had one paid

5	Α.	•
7	O	For the whole period you were on the BCOM?
8	Ä.	As I understand it, yes.
9	0	Vou any that she was cometimes available to sak
10 11		You say that she was sometimes available to ask tions although she wasn't available in person at the

15		n't remember that happening in recent times.
16	ı ca	in themember that happening in recent times.
17	Q.	You in fact say in paragraph 25.
18		
19		I do not recall the BCOM ever being
20		concerned by any mismanagement or
21		anomalies.
22	_	
23 24	Α.	Absolutely not.
25	Q.	In fact, in 26 you make the point that you were an
26	empl	oyee of Peter Mac in the radiation oncology division?
27	Α.	Yes.
28		
29	Q.	And the settlement was in late 2003?
30	Α.	I think so, yes. It was sort of early 2000s.
31		
32	Q.	In 29, you say settlement was reached whereby
33	Pete	r Mac paid the No 3 Branch in the order of a couple of
34	hund	red thousand dollars?
35	Α.	Yes.
36		
37	Q.	If I suggest to you it was in all likelihood the
38	250,	000 in the P&L that we looked at earlier, does that
39	soun	d about right?
10	Α.	That sounds about right.
1 1		
12	Q.	In fairness to you, you didn't have the minutes or the
13		statements when you were preparing your statement?
14	Α.	No, I did not. No, no.
1 5		
16	Q.	In 31 you say that was an unexpected windfall for No 3
17	Bran	ch?

1 2	A. Yes, it was, a very nice one.
3). Yes. Then in 32 you say:
5 6 7	The BCOM discussed the settlement [moneys]
8 9	Just tell us about what BCOM decided it would do with those settlement moneys?
10 11	A. I remember having a discussion at BCOM about using that money for members' interests, that it was above and
12 13 14 15 16	beyond our normal income, if you like, from members' dues, and that we discussed with Kathy, Kathy Jackson, that we would use it, as she recommended and saw fit to advance members' causes.
17 18	. The way you put it in your statement is.
19 20 21	as a fund that could be expended by Ms Jackson on a discretionary basis for union purposes
22 23 24 25	is that right? A. Yes.
26 27 28	Q. Is that what BCOM decided? A. Yes, it is.
29 30). You say in your statement:
31 32 33 34	For [those purposes] including advancing the industrial and political interests of the union.
35 36 37	I'm looking at the third last line on paragraph 32? A. Mmm-hmm.
38 39). What sort of things were the industrial interests of the union?
40 41 42 43 44 45	They would be things like working perhaps at workplaces, providing assistance for people to undertake courses, that sort of thing. I know that we did send beople on travel scholarships associated with industrial relations matters, members from the union.
46 47	And political interests of the union, what does that encompass?

1 2	A. Look, yes, that was in the case where we would look at things like assisting people in other branches to ensure		
3 4	that they were able to continue with their union involvement in industrial matters.		
5	Thivorvement in madderial matters.		
6	Q. That could extend to electioneering?		
7	A. Yes. The branch committee would like to be informed		
8	about those sorts of things, yes.		
9	about those series or things, yes.		
10	Q. Yes.		
11	A. Yes.		
12	π. 163.		
13	Q. And then you say:		
14	Q. And then you say.		
15	I also recall that Ms Jackson was also		
16	authorised to spend [certain moneys] for		
17	her personal purposes		
18	nei personai purposes		
19	A. Yes.		
20	A. 165.		
21	Q. Tell us about that, what did BCOM decide there?		
22	A. Well, with our experience with Ms Jackson, there were		
23	·		
	sometimes times where she needed to spend money on things		
24	associated with the union, such as before, when you pointed		
25	out things like if we needed to or she needed to spend		
26	money on mail-outs or something like that, then she might		
27	do that with her own money and then get that back, say,		
28	from the Peter Mac money.		
29			
30	Q. Although that might be - what you seem to be talking		
31	about here is that would be a spending for union purposes,		
32	wouldn't it, a mail-out?		
33	A. Yes.		
34			
35	Q. Unless it is a mail-out for a campaign, possibly		
36	A. Yes.		
37			
38	Q but what you seem to be saying there - but please		
39	tell me whether this is right or not - that she was		
40	authorised to spend for her own personal purposes because		
41	she had not been receiving sitting fees?		
42	A. Yes.		
43			
44	Q. Is that something different?		
45	A. Well, she did not get any - unlike the branch		
46	committee members, she did not receive any sitting fees for		
47	attending meetings and that sort of thing, so, yes.		

whatsoever.

45

46

47

and always, yeah, there were no suspicious circumstances

1 2 3 4	Q. And then if money did come out of the Peter Mac settlement and go across to NHDA, it would appear in the accounts, in the P&Ls that we have been looking at? A. Yes.
5 6 7 8 9	Q. Then you give some instances of use of the Peter Mac money in paragraphs 35 and following? A. Mmm-hmm.
10 11 12 13 14 15	Q. In paragraph 41 you say you don't recall it being used to fund candidates in parliamentary elections, and don't recall it funding candidates in other union elections. Is the position that that might happened but you don't remember one way or the other? A. It could well have happened but I'm not sure, yes.
17 18 19 20 21 22 23 24 25 26 27	Q. And 44, tell us about that example. That was an example of Ms Jackson's proposal getting A. Oh, yes. As I say in my statement, I can't really recall the exact details. I think it might have been before 2007. Ms Jackson proposed an advertising campaign against the Howard Work Choices legislation and we felt in the branch committee that that was supporting the Labor Party against the Liberal Party. We knew that our membership is quite conservative, I suppose, and would not be very happy about union money being spent on what may have been seen as a Labor Party campaign.
28 29 30 31 32	Q. So is this the position - well, the upshot of it was that Ms Jackson's proposal was not approved? A. That's right, yes.
33 34 35 36	Q. Then you say in 45 the proposals Ms Jackson made were made orally but not put into written proposals? A. Not necessarily, no. It was sort of a side bar conversation, if you like.
37 38 39 40	Q. In 48 you say: I was not aware of the National Health Dayslanment Assaunt until I road
41 42 43	Development Account until I read recent media reports
44 45 46 47	We've seen that it does get a reference in the P&Ls. Had you just forgotten that when you did your statement? A. Yes. I was recently, through the media and through media reporters, asked about the NHDA, and I didn't have a

1 2	clue, I did not remember anything like that, so I denied all knowledge of the NHDA. However, we always knew about		
3	the Peter Mac money and I think that's probably our		
4	shorthand, how we always referred to it.		
5	Shorthand, now we arways referred to it.		
	O So you always called it the Doton Mac manay?		
6	Q. So you always called it the Peter Mac money?		
7	A. Yes.		
8			
9	Q. Is it that - you tell me, tell me if this is correct		
10	or not, that you had just forgotten that there was this		
11	separate account, the National Health Development Account?		
12	A. Yes.		
13			
14	Q. And now that you look at those P&L sheets I've taken		
15	you to, does that refresh your memory?		
16	A. Yes, that does. That reconciles my, yes, gap.		
17			
18	Q. And the NHDA was something that the BCOM discussed		
19	from time to time?		
20	A. I don't recall specifically, but		
21			
22	Q. It was certainly in the P&Ls, you accept that?		
23	A. Yes, and also noting that the members of branch		
24	committee were very particular in questioning anything that		
25	we did not understand, yes.		
26	we are not under stand, yes.		
27	Q. Then you talk about the members of the BCOM receiving		
28	sitting fees?		
29	A. Yes.		
	A. 165.		
30	O The amount received was usually \$100 each nor meeting?		
31	Q. The amount received was usually \$100 cash per meeting?		
32	A. Yes.		
33	O Mas that you was an		
34	Q. Was that per person?		
35	A. Per person, yes.		
36			
37	Q. In 52 you say that the balance, which represented		
38	donation portion of the sitting fees, was retained by		
39	Ms Jackson?		
40	A. Yes.		
41			
42	Q. And that was something the BCOM approved?		
43	A. Yes.		
44			
45	Q. What was the understanding that those funds would be		
46	directed towards?		
47	A. Again, to matters associated with the best interests		

of the union and the members. 1 2 3 But in any event, that was not - that was a matter 4 well known to the BCOM? 5 Yes. Α. 6 7 Could you come, please, to the parts of your statement 8 that deal with the audit and compliance committee. This is with the HSU East amalgamated --9 10 Yes, after the merger. After the merger, you became a 11 member of the audit and compliance committee? 12 Α. 13 Yes. 14 15 Ο. You went to meetings of the audit and compliance 16 committee? Yes, I did. 17 Α. 18 19 Q. Were they run in a similar way to the BCOM meetings? Α. Definitely not, no. 20 21 What was one of the differences? 22 Q. Tell me about that. 23 In the first days of the meetings of both council and 24 the audit and compliance committees, I think that 25 Victorians felt that they were run on a very regimented 26 basis: they were very, let's say, strict. 27 28 As far as the audit and compliance committees were 29 concerned, we were taken through the profit and loss 30 statements and whatever other financial documents that we 31 were given and then - it was very slick, and then at the 32 end of each of those meetings all of the documents would be 33 collected, which was surprising. Prior to that, our 34 experience, or certainly my experience and the Victorian 35 health professionals experience, was that we kept all pieces of paper with the understanding that we wouldn't 36 37 flash them around, but here everything was collected. 38 39 Q. Was Mr Williamson in attendance at these meetings? 40 Α. Yes, he was. 41 42 Q. Mr Mylan? 43 Look, I do have that in paragraph 58 that Mr Mylan was at those meetings. He only - I'm pretty sure he only 44

started attending the AC meetings after Mr Williamson stood So I just want to make that clarification.

- You deal with the first AC committee meeting in 1 Q. 2 October 2010 in paragraph 62 and you say that was the first 3 time you were asked to hand back documents at the end of 4 the meeting? 5 That was the first AC meeting that I had attended and, 6 yes, I was very surprised at having to hand back the 7 financial documents at the end of that meeting. 8 Can we come to the meeting of 7 February 2011 which 9

- Would this be the position, and tell me if this is right or not, you would be asked to hand them back at the end of the meeting?

- Q. Tell us about that?
- This was I can't recall what it was called. a report about 10, 15 pages in length. It wasn't discussed in detail, it was different from the usual sort of profit and loss statements, and it was outlining a number of things, but I was sitting next to Kathy and she was delving into the document and she pointed out to me, without saying anything, a paragraph about a company - it was I think United Edge, I can't be sure, and in there was a declaration by Mr Williamson that he was a stakeholder or a shareholder, or had some interest in this particular company, and it was the supplier of IT services to the HSU

You mean in the early part of 2011?

1 2 3	come to at the bottom of page 14, pay rises? A. Yes.
5 5 6 7 8	Q. Pay rises for officials of HSU East were approved in late 2010 or early 2011. In paragraph 112 you're dealing with meeting of council on 8 February 2011? A. Yes.
9 10	Q. You say in the second last line that:
11 12 13 14	The Victorian councillors and Ms Jackson were concerned about the huge salary increases
15 16 17 18	Can I show you a document that was put into evidence yesterday. It is MFI1 of Katrina Hart's materials. I'm taking you to the report that Mr Temby prepared of 3 July 2012.
19 20	A. Can you tell me
21 22 23 24	Q. It is the numbering in the top right-hand corner. It is page 313. You'll find it behind tab 45. A. Okay. Thank you.
25 26 27 28 29 30	Q. You say in your statement that they were huge salary increases. This is, I take it, just an accurate - this just sets out the order of magnitude of the increases. Have you got page 3 open? A. Yes, I have now, yes.
31 32 33 34	Q. Mr Williamson's salary would increase by 25 per cent? A. Yes. However, his salary at 30 September 2010 I didn't realise was quite so much as that. I thought it was less than that, but I can't be sure.
35 36 37 38	Q. In any event A. In any event, yes.
39 40 41	Q it was a large increase? A. It was.
42 43 44 45	Q. Ms Jackson was going to get an increase of 66 per cent and Mr Bolano of 70 per cent? A. Yes.
46 47	Q. Were they in favour of that? A. No.

Q. Who was in favour of the pay increase and who was against?
A. Well. it was very difficult to know about the act

A. Well, it was very difficult to know about the actual pay increases. They certainly weren't listed like that in any of the discussions in council. At the meeting in Sydney in November/December, I think, in 2010, council were asked to approve the pay increases without any documentation or report. So we didn't really know exactly what was happening with regard to, you know - we did not have anything like this chart.

Q. Let's just take that in steps. Was a report going to be prepared by Ms Jensen?

A. Ms Jensen had prepared a report, I believe, for Mr Williamson in the Sydney - for the Sydney meeting in I think November.

- Q. 2010?
- A. 2010, yes.

Q. There was opposition to the pay rises, I'm just trying to say this out in summary, and please do correct me if I get this wrong, there was opposition at the November meeting because Ms Jensen's report wasn't available?

A. That's right.

Q. One then comes through to the 8 February 2011 meeting? A. Yes.

Q. Perhaps the simplest thing is if I give you the minutes of that meeting and you have a look at those.

A. Thank you. Just to comment, Mr Stoljar, about the graph that you were showing or the chart that you were showing me, I did not see anything like that until Mr Temby's report came out.

- Q. I see. All right.
- 39 A. Yes.

Q. Why don't we take it in steps. As at November 2010, you knew that a pay rise was contemplated?

A. Yes.

Q. But you hadn't seen Ms Jensen's report?
A. No, that's right.

Victorians were wet behind the ears as far as the operation of council meetings were concerned. We weren't voting on well, they called for a vote. The process of presenting resolutions and voting, and that sort of thing, was unfamiliar, let's say, to us and we were still getting our - getting rid of our training wheels, let's say, at that point, and the only people from the New South Wales council who were asking any questions at all seemed to be Ted Hinge and Dr Anthony Llewelyn.

             Yes, I did.
3
              In paragraph 12 you say you reported directly to
4
        Ms Jackson until May 2010, that's when the merger took

10
              In paragraph 18 you deal with sitting fees. What's a
11
12
         sitting fee?
13
              Well, I used to refer to it as the "honorarium",
        payment to the branch committee members who managed the
14
15
        union, for their time.
16
              Why would that be paid? For use of time, did you say?
17
              It's similar to board directors being paid for their

20
21
        Q.
              How much was paid per meeting?
22
        Α.
              It was usually in the vicinity of about $8,000.
23
24
        Q.
              How was it paid? Cash or cheque?
              It was paid in cash.
25
        Α.
26
27
        Q.
              How much would each BCOM member get?
              I'm not sure of the actual division of the funds.
28
29
         I presume it was equally distributed amongst them, but not
30
        Kathy, she wasn't receiving this fee.
31
32
        Q.
              You mentioned that you recorded it as an honorarium.
33
        Is that how you coded it in the accounts, is it?
34
              When I started work with the union, that was the
35
        normal practice, that they referred to it as an honorarium.
36
37
        Q.
              That was in place before you even started?
38
        Α.
              Yes.
39
40
        Q.
              You just kept the practice going?
              Yes.
41
        Α.
42
43
              Could I show you a document. You won't have seen this
                 This is not a straightforward printout from MYOB

        before.
45
        because it's had to be --
46
              It is a collation of data, yes.
47
```

Collation is a good way to put it. It's been prepared 1 Q. by the forensic accountants working for the Commission but 2 3 it's drawn from the MYOB records that you kept? 4 Α. That's right. 5 6 I just wanted to ask you some questions about this. 7 In the ledger that you maintained, you have a heading, first of all, "ID Number", and then the letters "SRC". 8 Does that stand for "source"? 9 They're default headings from MYOB. 10 11 Underneath that source it says "CD". What does CD 12 stand for? 13 That's a - CD, "Cash". 14 15 16 Q. I thought it might be cash disbursement? I just - it's one of those things, it's in front of 17 me, I never take any notice of. It must be just cash 18 19 disbursement because the entry is done as a cash payment. So, yes, it would be a cash disbursement. 20 21 Coming down that column, there is one entry, "GJ"? 22 Q. 23 Α. That's a general journal. 24 And then "Date" is self-explanatory. 25 Q. "Payee", you've got some - first of all, the account is identified as 26 27 "6-1580 Honorarium"? 28 Α. Yes. 29 30 Is that the sitting fee? Is that how you recorded the 31 sitting fees? 32 Yes. Α. 33 34 Did anything else go into that account? Q. 35 Α. 36 37 Q. I just want to understand the "Pavee". For example, 38 many of them are BCOM. Some of them are cash. Is there 39 any particular reason why, for example, 18 July 2006, 15 August 2006, it says "cash" rather than BCOM? 40 41 Α. No, it's just me on a day. 42 43 Can I just ask, you've got an entry for 30 May 2006 that says "D Asmer". What's that one? 44 From memory, I couldn't tell you, but it would have 45 been a payment to Diane Asmer, but without the actual MYOB 46 47 entry. From that, I can't tell you exactly what it is.

а

 Q. In any event, the total, if you come to the bottom of the page, \$218,876, that's the total amount that went out by way of honorarium, is it, from 2004 through 2010?

A. Yes, but I'm not - I can't from memory recall what the audited journals there would represent. They're adjustments that I've made under instruction from the auditors.

Q. I see.

- A. He may have done a re-allocation, so the amounts next to audited journals are not cash payments as such.
- Q. I see. There is in fact quite a large entry for 24 May 2010, \$48,000. Do you know what that's about or do you not remember, as you sit there?
- A. He yes, I do think I know what that's about. When he was doing either the 30 June audit or the exit audit for 24 May, so that looks like it would be the exit audit, he picked up on the fact that in the minutes Kathy had the branch committee had decided that Kathy should be paid an honorarium for the period that she was not being paid by the Vic 3 Branch, that she was national secretary, and she was being paid by the National Office and therefore, for consistency, she should be paid an honorarium for her paid time in managing the Vic 3 Branch.
- Q. I see. So that's what that --
- A. So the auditor has picked up on this amount of money that was outstanding and owing to Kathy that she hadn't been paid. So that would it would be to do with that audited journal. I mean, this is just it's like, you know, if you're a board director, you give your time to sit on a board, you're paid a nominal amount of money. This is the same sort of process. That \$48,000 would have been over a three year period, not a one year period.

MR STOLJAR: Commissioner, could that document be marked for identification.

THE COMMISSIONER: Yes. That will be Holt MFI2.

HOLT MFI#2 ENTRY FOR 30/05/2006 THAT SAYS "D ASMER"

MR STOLJAR: Q. Would you go to your statement, please, Ms Holt. You say in 24 that from time to time you made what you describe as authorised payments. Who would give

1 you the instructions or the authority? 2 Kathy was the authority for payments. 3 And then at 28 you refer to regular monthly expense 4 5 payments such as credit card bills and Telstra accounts. What were the credit card bills that the account was 6 7 paying? 8 Kathy had two - three business credit cards which were only for credit - for union expenses, and they were paid by 9 a direct debit each month. 10 11 12 Could I show you a bundle of documents that I'm going to tender shortly. I note, for the record, it is the audit 13 file provided by Mr Agostinelli. I'm going to show you 14 15 volume 2. Could you come, please, in my volume to D69. I will give you a page reference, it's 457. 16 statement for a Citibank credit card? 17 Α. Yes. 18 19 It is in the name of Ms Jackson, but if you look in 20 21 the address, what's that PO box address? That's the Vic 3 Branch post office box. 22 23 24 Q. This was a credit card issued by Citibank, a Mastercard it looks like, in the name of Ms Jackson, but 25 the account was paid each month by the branch, was it? 26 27 Α. Yes. 28 29 Q. And the account statements were received by the 30 branch, it looks like? 31 Α. Yes. 32 33 And to your understanding, what were the expenses on 34 the Citibank card? 35 On this one? Well, mainly travel and internet related and telephone expenses which would be typical. 36 37 38 Q. That's typical of the expenses on that card? 39 Α. Travel, Australia Post, petrol. 40 And there was also a Diners Club card? 41 Q. 42 Α. Yes. 43 44 If you go to the next page, page 458, that's an example of the Diners Club card? 45 Yes. 46 Α. 47

1 2 3 4	Q. So you would receive the account statements, you'd get the receipts and then once you'd done that check, you'd enter the transaction in MYOB - I am just looking at 28 so
5	A. Yes.
6 7 8 9 10 11	Q just correct me if I am getting this muddled - and you say you allocated it to appropriate expense accounts. What sort of expense accounts were you allocating it to? A. Well, in the chart of accounts there would be things for fuel, for telephone.
12 13 14 15	Q. Travel? A. Travel, accommodation, meals.
16	Q. You say:
17 18 19 20	Ms Jackson provided credit-card receipts and if I did not know what the expenses were for, I would ask [her] to clarify
21 22 23 24	A. Yes, sometimes receipts are a big vague in that they don't provide enough information.
25 26 27 28 29	Q. In 29 you're talking about Ms Jackson's Mastercard. Again, is that card in respect of which the account statements were sent to the branch's PO box. A. Yes. That was a business Mastercard issued to the business.
30 31 32 33 34 35 36 37 38 39 40 41 42	Q. What business? A. Well, it goes back to the State and Health Professionals Association. It had been in place from prior to Kathy working there and there was a term deposit held against the maximum value of that credit card and I think Michael, I can't remember the previous person's name, Michael Maloney, he held a credit card with the Commonwealth Bank prior to that. When he left, that card was chopped up and Kathy was allocated a card and that would have been used for a broader range of expenses, because Mastercard is accepted everywhere.
43 44 45	Q. But expenses, to your knowledge and understanding, associated with the union? A. Oh, strictly, yes.

7 8	SHORT ADJOURNMENT.
9 10 11 12 13 14 15	MR STOLJAR: Q. Do you still have the document which has been marked Holt MFI2 in front of you, the large sheet? Yes. I didn't ask you about the document on page 2 of MFI2. That's a screen-shot. It relates to an amount of \$8,400. If one looks at the account details, that's been divided up, such that \$3,200 was allocated to honorarium and then \$3,000 to professional fees. What was that about, do you know?
17 18 19 20 21	A. One of the branch committee members would advise me as to the break up of the payment as it was deemed. Some of this was to be allocated for their own professional development and attendance at conferences and seminars, et cetera.
23 24 25	Q. Is that the monthly figure of \$8,400? A. Yes.
26 27 28 29	Q. If you come back to page 1 of MFI2, the very last entry, "Cash: \$3,200", that's the honorarium which is the first entry on page 2? A. Yes, that's correct.
30 31 32 33	Q. So that's been allocated to the honorarium account? A. That's right.
34 35 36 37 38 39	Q. Just keep MFI2 there for a minute and I'll show you another document. I asked you about what looked to be an entry in relation to Diane Asmer of 30 May 2006 and you said you'd need to see the screen-shot or more information? A. Yes.
40 41 42 43 44 45	Q. This is the screen-shot for that entry. Does that jog your memory at all as to what that payment was about? A. Not particularly, other than I just take - I've written "contract services", so I presume that I was informed that Diane had been performing contract services on behalf of the union, and the payment was to be made to her. I don't actually remember doing it, but my entries

are based on what I know.

That's your work?

14	
15	Q. You kept all the hard copy documents
16	A. Yes.
17	
18	Q as well as maintaining an electronic record?
19	A. Yes.
20	
21	Q. We've only got the three folders, but can I take it
22	there were many such folders?
23	A. Most years - in fact I would say all years, there were
24	two folders for creditors. Basically six months of
25	payments would fit in a folder, and then there was a
26	separate folder for payroll, and then I had a folder for
27	bank reconciliations. I then had a folder that covered
28	things like BAS, GST, taxes, payroll taxes, superannuation
29	payments, et cetera.
30	paymones, se socora.
31	Q. What about the credit card records?
32	A. That was kept in another folder.
33	7. That was rept in another forder.
34	Q. Another folder as well?
35	A. Yes.
36	Α. 163.
37	Q. There would be sets of folders like these folders that

39	A. That's right, yes.
40	O And they would all be maintained in mane on less the
41	Q. And they would all be maintained in more or less the
42	same way, were they?
43	A. All my records were always kept in date order which is
44	why these tabs you see, the coloured tabs.
45	
46	Q. Are they your coloured tabs?
47	A. Yes, and they are a date. So 0909 is 9 September. So

1 2 3	if the auditor is looking for a file, or I'm looking for a file, I just flick to the date. It just made it easy; quick to find things.
4 5 6	Perhaps I'll just provide you with the other two folders and just satisfy yourself that those two folders
7 8 9	are also folders that were maintained by you for the purposes of maintaining the branch's accounts. Just have a look.
10	A. I'm just making sure that they are actually what
11	they

13	Q. Take a moment. Don't rush.
14	A. Yes.
15	
16	Q. Just while you have those folders, did the folders
17	that pertained to the credit card records, did they
18	maintain both the credit card receipts and any invoices?
19	A. Yes, the receipts were normally - I think I used to
20	put them in a plastic wallet behind the payments.

47	MR STOLJAR: Q. You've dealt in your statement with what

happened to your hard copy records and you say at 42 there 1 was a flood at some stage, but in fact no accounting 2 3 documentation was destroyed in that flood, is what you're 4 saying? 5 No, my office wasn't affected by flood. Α. 6 7 The folders that you were maintaining, including the 8 credit cards, they weren't affected by the flood? Α. No. 9 10 So what happened to those folders? 11 12 During the amalgamation - post the amalgamation, 24 May, and after the audits were completed, I would - upon 13 request I sent documents to the Sydney office. 14 Incrementally they were sent up over 15 recall exactly when. the following 12 months. 16 17 You deal with that in paragraph 43 of your statement. 18 Q. 19 Α. Yes. 20 In June 2011 you say "Mr Gibson" - is that 21 Q. I see. Mr Barry Gibson? 22 23 Α. Yes. 24 Q. 25 ... requested all outstanding paperwork be 26 27 sent to Sydney. 28 29 Α. Yes. 30 31 At that point had you just sent out all your hard copy 32 files, had you? 33 At that point I instructed one of the admin staff to 34 send whatever was in my office via courier to Sydney, and 35 I think at that stage I didn't hold anything myself. 36 37 And that included all of the folders that you have 38 made reference to this morning? 39 I think at that stage it was actually only a few bank 40 reconciliation files at that stage. This type of material 41 that you've just looked at had already been sent to Sydney 42 prior to that. 43 Is this the position, Ms Holt: to your knowledge all 44 45 of the folders that you had maintained, of which we just looked at the three examples --46 47 Α. Yes.

1 Q. That was when the No 3 Branch was merging? 2 Α. That's right. Around about May 2010. 3 4 Q. In paragraph 10 of your statement you say: 5 6 We performed a substantive audit for 7 No 3 Branch. 8 What did you mean by a substantive audit? 9 A substantive approach to an audit is where you don't 10 rely on the internal controls of the organisation. 11 12 Therefore, you substantiate the balance sheet items and you sample test income and expenditure items for their 13 14 accuracy. 15 16 Q. How did you physically do that in this case? We would write to third parties, such as banks and 17 solicitors, to verify bank accounts. We would sample test 18 19 the expenses and income areas against records of the organisation, such as member records, transactions that go 20 into the bank account, invoices, and various other 21 authorisations. 22 23 24 Q. Did you contact previous auditors? 25 Α. Yes, we did. 26 27 In fact, you deal with that in 14 of your statement. 28 You asked if there were any outstanding matters and you 29 didn't receive any response? That's correct. 30 Α. 31 32 In paragraph 31 and following, you deal with selecting Q. 33 For example, there you are dealing with a sample. 34 Can you just talk me through that process? 35 did that work? This is in relation to what you describe as "testing"? 36 37 Sorry, paragraph 31, did you say? Α. 38 39 Q. 31, yes. 40 So in - there are some items under the Fair Work Act 41 that require specific categorisation, and the one I mention 42 is donations but the other one is the salaries of the 43 So, under those categories, we would actually 44 specifically look to make sure that the category given to

45

46 47 them was correct and, generally speaking, we would allocate

items according to the category of expense, not who it was

paid to. So, for example, if there was a payment to

Telstra, it would go under "Telephone", not under 1 2 "Telstra". 3 4 Q. You say in 34: 5 6 do not recall a category in the No 3 ... 7 accounts called National Health Development 8 Account (NHDA) ... 9 But you then say: 10 11 I have since reviewed the 2009 and the 2010 12 exit audit files and note this expense 13 account does exit in the MYOB file of the 14 HSU No 3 Branch provided by Ms Holt and has 15 been disclosed under Campaign costs ... 16 17 Could I take you to tab 1. 18 19 Sorry, I don't have tab 1 in my notes. 20 21 Q. I will just provide you with the folder. 22 Α. Thank you. 23 For example, page 7, you're looking at an interim 24 Q. statement for the year 30 June 2009 and there's a heading 25 "Campaign Expenses". Is that where you've recorded the 26 27 NHDA expense account? Yes. 28 Α. 29 And in tab 2, if you come to page 24, you're looking 30 31 at an income statement for the period ending 24 May 2010. 32 The entry next to "Campaign Costs", is that likewise the 33 entry for NHDA? 34 Yes, it is. Α. 35 Just while we're there, page 38, you're dealing with 36 donations and you put in an entry Australia Bringing Hope 37 38 Incorporated and an amount of 5,000. Do you recollect now 39 where you got the name Australia Bringing Hope Incorporated 40 from? 41 Α. No. No recollection, sorry. 42 43 Ο. What sort of donation was that that you were looking 44 at there? I've actually looked at that entry. 45 It was some 10 tickets for \$500 each, and the abbreviation in the records 46 47 was AB HINC and I don't know how the Australia Bringing

1 2	Hope Incorporated came into it.
3 4 5	Q. You don't know? A. No, I don't.
6 7 8 9	Q. Was it a charitable donation or for a political purpose, to your knowledge, or do you not know? A. No, I don't know.
10 11 12	Q. If you don't know, don't worry.A. It was listed under "Donations".
13 14	Q. In paragraph 37, you say:
15 16 17 18	I was not given any instructions to change how the accounts looked or on how different items were to be categorised or presented.
19 20	Do you mean you weren't given any instructions from anyone at No 3 Branch?
21 22 23 24	A. Those specific instructions to categorise something that wasn't obviously categorised in the same way that we put into the financial statements.
25 26 27 28	Q. But when you say "I was not given any instructions", you mean by anyone at No 3 Branch? A. Yes, correct.
29 30 31 32 33	Q. Could I take you to volume 1, which has now been marked Agostinelli MFI1. I will just hand you a copy of that. Just to begin, in volume 1, if you open it up, at the outset there's a heading:
34 35	DIRECTORY OF DOCUMENTS AND WORKPAPERS
36 37 38 39	Is this, in effect, your audit file, the three volumes of material? A. Yes, it is.
40 41 42 43	Q. It is your audit file for the two audits that you conducted at the No 3 Branch for the 2009 year and the exit audit for 2010? A. It is the audit file and every document that we've got on record.
45 46 47	Q. I want to take you through some of these documents. Firstly, if you come to C.3, I'll give you a page

1 2 3	refer A.	rence, 170, that's a file note. Did you prepare this? One of my staff would have prepared this.

8 9 10	Q. A.	on 2 March 2009? Yes.

4 5 6 7 8	Q. Could you come please to E1.32, page 558. This is another work paper that you prepared or your staff prepared in the course of the audit? A. Yes.
9 10	Q. The subject is "Expenditure Testing" and you say:

4 5 6	Did you select the items at random? A. At random, but over and above a certain material amount.
18 19 20	Q. Could you come, please, to B1.36, page 571. There's a heading - this is another work paper - "Honorarium":

29 30 31 32	Q. If you note under the heading "BCOM" as "Creditor", does that suggest to you to whom some payments were being made?
33 34 35	A. They'd be members of the Branch Committee of Management. Sorry, where's that heading please?

6 7 8 9	Q. Could you come then to E1.44, page 61. Are these your handwritten notes? A. Yes, they are.
10 11 12	Q. With the greatest respect, I don't find it easy to read the first word in the "Subject" but is that "Minutes Review"?
13 14	A. "Minutes Review" - Branch Committee of Management".
15 16 17 18	Q. You did a minutes review of the BCOM? A. Yes.
19 20 21 22	Q. Could we go to volume 3. In volume 3 could you come to E2.22, page 709. You're now doing an exit audit, is that right, May 2010? A. Yes, correct.
23 24 25 26	Q. This is a work paper that you prepared for the purposes of the exit audit? A. Yes, it is.
27 28 29 30 31 32	Q. The subject is "Credit Cards". The work done is: Obtained a listing of all credit cards held and ensured either paid pre 24 May 2010 or taken up as a creditor
33 34 35 36	When you say "listing of all credit cards", who was holding the credit cards? A. Held on behalf of the HSU No 3 Branch.
37 38 39 40 41 42	Q. There were three identified in the findings. There's the Citibank Mastercard, Diners Club and CBA Mastercard. You have described them as being held under Kathy Jackson's name. What did you mean by that? A. She was the authorised user of the card.
43 44 45 46 47	Q. Was the card a branch card or Kathy Jackson's card? A. I'd have to check. A lot of the cards don't issue in the name of the organisation. They issue in the name of an individual, I think Diners in particular, but more than

12 13 14		Could you come to E2.24, page 714. That's another paper, subject "Honorarium". In "Work Done" you say:

Again, it's quantifying a liability or potential ility of the organisation as of the exit audit date and irming that there haven't been three years of rarium payments to Ms Jackson and taking up that as a ility.
27 28 29 30	Q. A.	The final balance is a figure of \$48,501.37? Yes.
31 32 33 34 35	_	Could you come, please, to tab E1.32, page 741. ect, "Minutes Review". This relates to the minutes ew you did that I asked you about a few moments ago? This is in regard to the next year, the 2010 year.

39 40 41 42	-	The materials you've set out in the findings is an single sis of the minutes for the period up to 24 May 2010? Yes, it is.
43 44	Q. "HSU	Towards the bottom of page 741, just above the heading No 1 Branch", it says that:

9		Yes, it does.
10		
11	Q.	And there's a heading "HSU No 1 Branch". No. I see.
12	That	relates to bills being paid for the No 1 branch?
13	Α.	Yes.

15		Could you come over to the next page, page 742. There

27		And you've just summarised it in your work paper?
28	Α.	Yes.

30	Q.	You've also noted:

37	Α.	Yes.

1 1	Α.	That's correct.

17	Q.	I see. You might have cut and pasted it or it might

1 2 3	be a summary? A. Yes.
3 4 5 6 7 8	Q. In any event - I just want to be clear about this - the information under the heading "Other Notes" on page 742 was drawn from the minutes of the BCOM? A. Correct.
9 10 11 12	Q. Could you come please to E2.40, page 774. This is another work paper and it is a review of general expenses? A. Yes.
13 14 15 16 17	Q. Next to account 6-1365, it says "Donations to political party". You've got a figure and you're explaining I think the difference between 2009 and 2010? A. Yes.
18 19 20	Q. You say it's a 574 per cent increase because of \$5,000 paid to attend a dinner for 10 staff members at \$500 a head.
21 22 23 24	A. Yes. This is an analytical review why there would be a large variation and it would have notes explaining the variation.
25 26 27 28 29 30	Q. If I come a bit further down the page, you've got an entry for the account 6-1580, "Honorarium", and you likewise explain the increase between the 2009 and 2010 year? A. Correct.
31 32 33	Q. You say it's due to the accrual being recognised in this year and not 2009? A. Yes.
34 35 36 37	Q. That again relates back to the \$48,000 that we've discussed? A. Yes.
38 39	Q. Could you come to E2.44, page 884.

THE COMMISSIONER: Yes, Mr Stoljar.

MR STOLJAR: Q. Mr Agostinelli, I was asking you about the document at page 884 in your bundle at volume 3. It is very hard to read, so I'll provide you and the Commissioner with some blown-up pages. As we can now see this is a worksheet the subject heading being, "Large Expenses", and you were here checking a sample of what you've described as large expenses paid by the branch over the period ending 24 May 2010; is that right?

A. Yes.

- Q. What was a large expense?
- A. I would need to check that definition, but we would sample I think it's over \$5,000, but I need to check.

- Q. Could you then come to page 890 in volume 3 and it is the fourth page of the bundle I've just handed you of the blown-up version. This is another worksheet, this one is headed, "Accommodation & Travel". Just tell me in work done, I can read what you've written, but just explain what you are actually doing to check what's being recorded in "Accommodation & Travel"?
- A. We're agreeing that expense item against source documents, such as bank statements and invoices, and also looking for them being reasonable in nature.

Q. These seem to relate to Citibank Diners Club and Mastercard expenses, amongst other things?

A. Yes.

Q. There's also some numbering in the top right-hand corner of the bundle, if you go to page 6. Because they've been blown up, the pages no longer precisely correlate to pages in volume 3, but I will identify it as page 6 of the bundle. There's a note:

No invoices to support statement, however, purchases made on credit card and able to determine that expenses are in relation to travel and accommodation.

- Can you just explain that notation?
- A. In our discovery we didn't find the actual invoices relating to the accommodation and travel, but we were able

1 2	to look at the credit card notation and support that they were actually travel and accommodation in nature.
3 4 5 6 7 8 9	Q. Could you then come to page 8 in the bundle which is a blown-up version of page 892 in volume 3. It is headed, "Donations". Again, you've done similar work in relation to donations? A. Yes.
10 11 12 13 14 15	THE COMMISSIONER: Mr Stoljar, do you know what the significance there is, if any, of the difference between items that are all in capital letters and items that are not? For example, on the page in this bundle numbered 6, the first line is in capital letters and the next four aren't.
16 17 18 19	MR STOLJAR: I will ask Mr Agostinelli to answer that question.
20 21 22	THE WITNESS: Your Honour, that is how it has been entered into the MYOB ledger by the bookkeeper
23 24 25	THE COMMISSIONER: It is a facsimile reproduction, in effect. Thank you.
26 27 28 29 30 31 32 33	MR STOLJAR: Q. And then if you come lastly to page 11 of the bundle, it corresponds to 903 - I'm sorry, Mr Agostinelli, I may have skipped over one. I'm sorry, yes, I've missed page 9. It corresponds to page 894. That's, without going through it, in summary, the work done in respect of the honorarium account? A. Yes.
34 35 36	Q. For the purposes of the audit? A. Yes.
37 38 39	Q. If you come to the next page, page 10 of the bundle, you express a conclusion:
40 41	As per the minutes
42 43 44	Pausing there, is that the BCOM minutes? A. Yes.
45 46 47	Q. an honorarium training/conference allowances are to be paid up to \$9,800 per

3 4 5	Then you say in the second paragraph:
6 7	the \$9,800 has been split between honorarium and training/conferences.
8 9 10	A. That's for purposes of allocation for those categories of expenses.
11 12	Q. Yes, but you were satisfied that that was something
13 14	that had been approved in the minutes of the BCOM? A. Authorised in the BCOM minutes, yes.
15 16 17	Q. In the next page of the bundle, page 11, which corresponds to page 903 of volume 3, this is an analysis of
18 19	the NHDA? A. Yes.
20 21 22	Q. In your conclusion you say that:
23 24 25	Amounts are paid at the discretion of Kathy, no invoice or supporting documentation being paid.
26 27 28	And then on the next page, page 12 of the bundle:
29 30 31 32 33	As per minutes they can only contribute up to a \$90K limit. The payments are made at the discretion of the Branch Secretary or when the National Office requests it.
34 35 36	And that corresponds to what you had in your minutes review that we discussed just before the lunch break? A. Yes.
37 38 39	Q. You have noted that:
40 41 42 43 44 45	Last year the NHDA expense was \$75K due to more contributions being made for the election campaign. This year no such campaign was run and therefore contributions decreased.
46 47	A. Yes.

1	MR STOLJAR: Commissioner, could that document be marked
2	for identification?
3	
4	THE PRESIDING MEMBER: Do you want it to treat it as
5	Mr Agostinelli MFI3 or have it separately?
6	
7	MR STOLJAR: It may be appropriate to have a separate MFI
8	only because the page numbering departs from that in
9	Volume 3.
10	
11	THE COMMISSIONER: Yes. It will be Mr Agostinelli MFI4
12	
13	MR STOLJAR: If it please the Commission.

16	SUBJECT: LARGE EXPENSES
17	
18	MR STOLJAR: Q. I have just one last point about your
19	statement, Mr Agostinelli. I have dealt with the three
20	folders, but if you just come back to your statement, you
21	say in paragraph 40:
22	
23	When we conducted the audit we started
24	fresh and did not follow the process of the
25	previous auditor.
26	
27	And then you say:
28	
29	We were not given any files by the previous
30	auditor so we started afresh.
31	
32	Can you just explain what you meant by that?
33	A. Sometimes when you are talking over an audit you get
34	access to the previous auditor's files and you follow their
35	process, but we didn't do that. We adopted a new audit
36	approach and so we didn't follow anything from prior
37	periods.
38	
39	MR STOLJAR: I have nothing further. Thank you,
40	Commissioner.
41	
42	THE COMMISSIONER: Q. Yes. Thank you for attending,
43	Mr Agostinelli. It may be necessary for you to come back
44	on some later occasion if anyone represented wants to ask
45	you any further questions, but for the present you can
46	leave.
47	A. Thank you, sir.

1 2 3	Q. And likewise in paragraph 28, in the third line, prior to the words "records of transactions", you wish to insert the word "detailed"?
4 5	A. That's correct.
6	Q. Save for those changes, are the contents of your
7	statement dated 16 June 2014 true and correct?
8	A. They are.
9	
10	MR STOLJAR: Commissioner, I'd ask that Mr McGregor's
11	statement and the folder of materials that accompanies it
12	be admitted into evidence.
13	THE COMMISSIONER WAS ALL THE LINE OF THE COMMISSIONER OF THE COMMI

22	MR STOLJAR: It may be appropriate, Commissioner, if for no
23	other reason than in paragraph 3 they are so identified.
24	THE COMMISSIONER W. T. J.

41	some issues that you had with respect to the records; you
42	deal with that at paragraph 12 and following of your
43	statement. Without delving into it in great detail, is the
44	short point that, as you sit here today, you, or the
45	No 3 Branch has not got a complete set of records for the

8	A. Yes.

Yes, that's correct.

Q. And Mr Ellis says to Mr Bowker that the name of the account is National Health Development and it is an unincorporated association. Did you do a search?

A. We did a search and didn't uncover any information, in terms of we did an ASIC search.

- Q. Because Mr Ellis suggests that a search be carried out. When did you do the search?
- A. I can't remember exactly, but on or about the same day as we got correspondence from Mr Ellis.

 Q. Is this the case, that you knew as at 23 April 2014 when you wrote to Mr Brown that there was no unincorporated association by the name National Health Development Account?

A. I'm not sure whether - I mean, the search didn't reveal whether there was an association or not. I mean the only information we had was that money had been transferred to the National Health Development Account and the bank had told us that it was an unincorporated association and, beyond that, we could find no further information.

Q. You knew that no unincorporated association was coming up with the name National Health Development Account. Did that suggest to you that there was no such incorporated association?

 A. I am not aware of how these things work, whether unincorporated associations regularly returned as part of a search.

Q. You say:

Transcript produced by Merrill Corporation

What were you talking about there? 1 2 We had received emails from Iaan Dick with Excel 3 spreadsheets and therein some alterations had been made to 4 those spreadsheets which I believe were used for the preparation of the audited financial report for Fair Work, 5 6 where the sum of money equating to the amount that was 7 transferred to the NHDA account was removed from the branch 8 So there was - I can't remember the exact figure but it was income - other income of the branch minus the 9 10 sum that was transferred to the NHDA, and that was my summation. 11 12 13 There may be reference to this on page 85. all, who prepared the document beginning on page 85? 14 That was prepared by Neil Bowker, the financial 15 officer. 16 17 If you go to the heading "2005-06", the second dot 18 19 point, it says: 20 21 Comparison year ... 22 23 And then some further information. 24 Α. Yes. 25 26 And you identify a discrepancy. When you say 27 "the report", you mean the report of Mr Dick? Is that at 28 the end of the second dot point? 29 The report that was supplied to the Fair Work Commission. 30 31 32 Q. That would be the audited accounts? 33 Α. Yes. 34 35 Q. Did you check with Mr Dick what that was about? 36 Α. No, I didn't check with Mr Dick. 37 38 Did you check the underlying records that had been supplied to Mr Dick for the purposes of his audit for that 39 40 vear? Did I check them for? 41 Α. 42 43 Did you check to see whether that was some issue with 44 the underlying records or was it something that Mr Dick had

45

46 47 done in the preparation of his audit? Did you try and satisfy yourself as to whether it was one or the other?

Q. Had you, Mr McGregor?

I hadn't - no, I hadn't. I believe that the journalists contacted them and asked them to comment before anything was published.

Indeed you contacted - you released this information Q. to the media before you supplied it to the Commission in

1 answer to the notice to produce; is that right? 2 That's correct. 3 4 If you come back to paragraph 3 --Q. 5 Α. Of page 69? 6 7 When you initially answered my question about 8 it, you described it as your speculation; remember that? Yes. 9 Α. 10 And then I asked you to confirm that it was 11 speculation and you didn't give me a clear answer one way 12 or the other, and I'm asking you again: that's really just 13 your speculation, isn't it, Mr McGregor? 14 15 Α. That's right. 16 You said that you'd attempted to obtain the audit file 17 from Mr Agostinelli. When did you do that? 18 19 I can't remember exactly. I phoned Mr Agostinelli mid last year and spoke to him about that and I sent him 20 21 follow-up emails requesting information. 22 23 Q. Emails, more than one? 24 Α. Yes, more than one. 25 Where do I find that in your statement, Mr McGregor? 26 Q. 27 Α. Paragraph 26. 28 29 You make reference to tab 2. Is that the only Yes. Have a look at 27. 30 31 Α. Yes, page 27 is communication between Mr Dick and 32 myself. 33 34 I'm sorry, I was referring to paragraph 27 of your Q. 35 statement. Paragraph 27, yes. 36 Α. 37 38 As I understood your evidence a moment ago, you said that you had made an oral request of Mr Agostinelli to 39 40 provide you with the audit documents and then you sent him 41 a number of follow-up emails. Does that accurately 42 summarise your evidence a few minutes ago? 43 Α. Yes. 44 45 Q. Where do I find reference to your oral request of Mr Agostinelli for the records in your witness statement? 46 47 Α. It is not there.

```
2
3
              You don't say anything in there about getting hold of
4
         the audit file, do you?
5
              No.
         Α.
6
7
              You don't say anything in there about getting hold of
8
         the branch - the BCOM minutes, do you?
9
              No, I don't.
         Α.
10
              Is that the only email you sent to Mr Agostinelli
11
12
         since 31 March 2014?
13
              I would need to check my records.
14
15
         Q.
              You don't refer to any other email on 8 April, do you?
         Α.
              In my witness statement, I don't believe so.
16
17
              In the email of 8 April you don't refer to some other
18
19
         email you have sent to him and say, you know, "I'm" --
         Α.
              No, I don't.
20
21
22
              So coming back to your page 69, that's sent on
23
         23 April 2014. On 8 April, you sent an email to
         Mr Agostinelli asking two specific questions about the
24
         accounts, and do you say that you sent an email between
25
         8 April and 23 April asking for the audit file? You sent
26
27
         Mr Agostinelli an email to that effect, is that your
         evidence?
28
29
              Where are you referring to in my statement?
         Α.
30
31
         Q.
              I took you to your email at tab 2?
32
         Α.
              Yes.
33
34
              That is dated 8 April 2014 and that is on page 12?
         Q.
35
         Α.
36
37
         Q.
              If you come through to page 69, there's an email of
         23 April 2014 to Mr Brown?
38
39
         Α.
              Yes.
40
              What I'm asking you is did you send an email - well,
41
         is your evidence that you sent an email between 8 April and
42
43
         23 April to Mr Agostinelli asking him for a copy of his
44
         complete audit file?
              No, that's - I mean I sent the email to Mr Agostinelli
45
46
         on 8 April.
47
```

Α.

Yes.

1 Q. Yes. And then I don't - well, I'm not sure, but I don't 2 believe I sent another email to him between then and the 3 4 23rd. 5 6 So you get the notice to produce on 31 March. 7 8 April, you send an email to Mr Agostinelli, you don't 8 think you sent another one after 8 April but before 23 April, and then on 23 April, you send the email to 9 Mr Brown. Is that the sequence of events? 10 Α. I believe so. 11 12 So the position is that as at 23 April, you hadn't 13 asked Mr Agostinelli for a copy of his audit file? 14 15 I had previously asked him for - in my phone conversation, I believe, for all information that he had 16 relating to the branch. 17 18 19 Q. Was this telephone conversation in about March 2013? I believe it was earlier than that. Α. 20 21 Earlier than March 2013? 22 Q. 23 Α. Yes. 24 25 Q. So it was in, what, 2012? 26 No. sorry, 2013. I thought you said 2014. It was 27 approximately then, yes, that's correct. 28 29 Q. 2013? Α. 30 Yes. 31 32 Did you discuss with Mr Brown the fact that you were 33 going to go to the media with these allegations prior to 34 vou doing it? 35 Α. I had had some discussions with Mr Brown regarding the media. 36 37 Did you tell Mr Brown that you were going to go to the 38 39 media with these allegations prior to you doing it? I don't think so. I can't recall exactly. 40 Α.

46 47 Q. With the lawyers?

44 45 Are you involved in giving instructions to lawyers

about proceedings in the Federal Court against Ms Jackson?

A. I have had discussions with lawyers about those

3 4	Q . A .	Are you giving the instructions or is someone else? I'm not giving instruction.

4	
5	Q. You asked Mr Agostinelli about that on 8 April,
6	page 12 of your statement? Really it is on page 13. On
7	the top of page 13, you say to Mr Agostinelli - sorry, you
8	ask him questions about what you describe as an interestir

47	

- 1 Q. And you then released this matter to the media as 2 we11? 3 Α. That's correct. 4 5 And you did that before you'd provided the material to Q. 6 the Commission? 7 Α. Correct. 8 Did you raise concerns with Mr Brown or anyone else 9 about cash withdrawals or payments relating to Ms Jackson 10 in the amount of \$220,000-odd? 11 12 Α. Yes. 13 And did you release that information to the media as 14 we11? 15 Yes. Α. 16 17 Were you in the Commission today listening to the 18 Q. 19 evidence? Α. Yes. 20 21 22
- Do you understand now that the figure of \$220,000-odd 23 relates to honorariums and other payments with respect of 24 BCOM meetings?
 - That's the way they're recorded in MYOB, yes. Α.
 - And did you raise that issue with Ms Jackson, Ms Holt, Mr Dick or Mr Agostinelli before releasing it to the media? No, I didn't.
 - Q. What was your purpose in releasing information to the media?
 - It seemed to me that there were some questions to answer around cash withdrawals and, as a member, that would be something that I'd be interested in, and I felt that the members should be apprised of that information. I did not make specific allegations. I just said there are questions to answer around this.
 - Would it not be more appropriate to obtain information such as the audit file and put allegations to people for their comment before you release them publicly?
 - I believe that journalists have a code of conduct and they attempt to do that work. I do not have the resources or the ability to do that. That was a decision I made in the best interests of the members.
