Subject: Carbon tax

Dear Friend,

Tomorrow morning, shortly after 9am, Prime Minister Tony Abbott will introduce the Carbon Tax Repeal Bill into the Parliament.

Repealing the Carbon Tax is an important part of the Government's Plan to build a stronger economy and help reduce cost of living pressures on families.

But Labor, under Bill Shorten, will oppose removing the Carbon Tax.

We urgently need your support for the Coalition's campaign to remove the Carbon Tax.

Please donate to directly support our campaign.

Regards,

Brian Loughnane  
Federal Director  
Liberal Party of Australia
